Profile

Frontend Developer with 2+ years of experience building scalable React.js and SAPUI5 applications. Adept in creating reusable components, optimizing UI performance, and collaborating in agile teams. Passionate about clean code and user-first design. Delivered high-quality frontend solutions for enterprise-grade SAP applications and modern React UIs. Actively seeking remote opportunities to apply and expand my frontend skills in impactful projects.

Professional Experience

Frontend Developer (SAPUI5/React), Atom

07/2023 – Present | Dubai, Remote

- Built and maintained enterprise-grade frontend apps using SAPUI5 and React.js, serving over +1000 internal users across several departments.
- Developed modular, reusable components using React.js and SAPUI5 XML views, improving code maintainability by 30%.
- Collaborated with designers and backend teams to integrate REST APIs and ensure pixel-perfect UI delivery.
- Led frontend testing and debugging processes, reducing production bugs.
- Contributed to sprint planning, reviews, and retrospectives in a cross-functional agile team using JIRA.

Education

Bachelor of Science in Information Systems Management, Polytechnic Institute of Setúbal

09/2020 – 10/2023 | Setúbal, Portugal

Projects

Liga dos Veteranos do Sado, Football Hub

07/2024 – Present

- Designed and developed a responsive football league website using React.js and Supabase, tailored for a regional community with 100+ active players.
- Implemented live match scores, player stats, and match stats to create an engaging user experience.
